

Replicate – A Disciple Making Conference

Hosted at First Baptist Chipley on May 4-5, 2018

The conference is **FREE** Register at www.flbaptist.org/events (search by date)

Robby Gallaty is the founder of Replicate Ministries. Replicate Ministries exists to equip local churches to make disciples who make disciple-makers. They do this through sound Biblical methods for training and replicating disciples. These methods have proven to be effective when implemented in the local church. In the last decade, these intentional disciple-making strategies have shown to develop mature followers in our context. It is the team's desire to share our passion for replicating disciples with other church leaders. Unfortunately, Robby's schedule will not allow him to be with us but 3 members of the Replicate team will lead this strategic event. Every Christian and every church can benefit from participating in this conference (www.replicate.org/the-team).

I encourage every pastor who wants his church to be a disciple making church to be present and bring every staff member and every lay leader. After those folks have been enlisted to attend, I urge you to bring every person interested in fulfilling the Great Commission. This is the 2018 conference you don't want to miss!
