

MAGUIRE STATE MISSION OFFERING

OUR STATEWIDE GOAL

\$830,000

100% of Maguire State Mission Offering will help **#ReachFlorida** for Jesus.

Church Planting, Revitalizing, and Restarting. **#RightBesideYou** throughout our entire State. *(No funding is allocated for promotion)*

The 2019 Maguire State Mission Offering is dedicated to **REACH FLORIDA** and the **21,000,000+** in all 6 regions of Florida.

There's only **ONE SBC church for every 6,914** people in the state of Florida. We need more healthy churches!

Through the Florida Baptist Convention and North American Mission Board partnership, we'll come right beside Churches in need of planting, revitalizing, and restarting to strengthen our outreach to **ALL** of Florida. **#RightBesideYou.**

Tommy Green

Executive Director - Treasurer
Florida Baptist Convention

The Maguire State Mission Offering (MSMO) supports Florida church planting. Florida Baptists have entered into an exciting partnership with the North American Mission Board (NAMB) expanding our unified church planting efforts in Florida as SEND Network Florida (including SEND South Florida for the distribution of MSMO resources).

The SEND Network Florida partnership allows for the entire state of Florida to be included as part of the SEND City emphasis. Any Florida church has access to the resources of the Florida Baptist Convention and NAMB (50/50 support) for church planting.

The entire MSMO supports SEND Network Florida. As you give generously to MSMO, you and your church are supporting church planting across all of Florida.

The process for a Sending Church is to lead your church planter through the NAMB church planter assessment. That approval will start the support (through the Sending Church for up to 4 years based on need) of the Church Plant and Planter.

Experience the blessing of being a supporting church for Florida church planting by giving through the Cooperative Program and the MSMO. 100% received through MSMO will be utilized for Florida church planting.

Thank you Florida Baptists for your Kingdom generosity!

THIS WEEK PRAY FOR OUR CHURCH PLANTERS!

MEET SIX DEDICATED PLANTERS AND PASTORS TO UNDERSTAND THE HUGE NEED ACROSS OUR STATE FOR STRENGTHENING AND PLANTING CHURCHES TO REACH THE MILLIONS!

MONDAY

Jon Edmisten

Hope Church,
Chiefland

A replant of a former non-SBC church, Hope Church is led by Pastor Jon and is fervently serving their rural Chiefland community. Launching in January, Hope Church has baptized 9 new believers in Christ, is reaching young families, and is serving those whose lives have been touched by cancer.

Pray that:

- Hope Church may complete their new worship space by their target date
- God would make them effective for the Kingdom by bringing people to Christ and discipling them
- God brings revival and unity among the churches in Levy County

TUESDAY

Daniel Bocanegra

Primera Iglesia Bautista,
Panama City Beach

Bi-vocational Pastor Daniel Bocanegra recently arrived from Bogota, Colombia with his family and is using music to share Jesus with children and their families in the Panama City Beach community.

Daniel asks for prayer that he may:

- Be able to understand the culture and especially the culture of people who work in hospitality
- Strength for his family
- Strength for his community as they recover from Hurricane Michael

WEDNESDAY

Cam Triggs

Grace Alive Church,
Orlando

Planted in the heart of Orlando, a hotbed of ethnic and economic diversity, Grace Alive Church is serving their community through apartment complex and school partnerships. Grace Alive is reaching their community and this Easter baptized 14 new believers and added 10 new members.

Pray for Grace Alive:

- It may continue to reach its neighbors
- God brings more leaders
- Resources to accomplish their mission of reaching their neighbors, nations, and generations

THURSDAY

Amos Jean Baptiste

Redemption Haitian Church,
Green Cove Springs

Just over a year old, Redemption Haitian Church in Green Cove Springs is serving the Haitian community who previously did not have a church they could call home. Redemption is serving their community through Bible studies and English-Creole classes.

Pray that they:

- Have access to resources like Sunday School curriculum and sound equipment
- Find mentors and advisors in their region to come alongside for spiritual and financial support
- Be able to be known in their community

FRIDAY

Paul Helton

Redemption Church Manatee,
Bradenton

This year-old church plant is serving the Bradenton community where many live in low-income housing and face challenging economic factors. Through an afterschool Bible study program at Rowlett Middle School—where they also meet—the church is unapologetically sharing Jesus with students.

Pray that:

- Paul would be encouraged
- The church would have the impact in their city that God has called them to have
- God would send up laborers

SATURDAY

Mark Rodriguez

Love Unlimited Church,
Little Havana

Since launching in February, Love Unlimited has had 800 unique visits and averages into the hundreds for Sunday worship. The church is reaching an unchurched group who doesn't know how to go to church, but are eager to know Christ and to serve.

Pray for Love Unlimited that they may:

- Be able to buy their own sound system
- Have enough chairs and space to accommodate all who come
- Continue to love on their city as God has called them to
